

**Budget Summary:**

1. PSAL tracks team costs by PSAL athletic program. Many athletic programs consist of more than one school, usually located on the same campus. Some programs include schools located in different buildings. The detail provided here is for each PSAL program. To cross reference to individual schools, the "PSAL Program&School Crosswalk" tab provides a list of schools affiliated with each PSAL program.

2. Per session hours are paid for coaches and athletic directors, and account for over 70 percent of the PSAL budget. Team funding is not allocated directly to schools.

3. Team costs are projections based on the number of allowable hours for each sport, as determined by the PSAL coaching CBA between DOE and the UFT. Estimates are based on the number of hours allotted per team plus the estimated costs of the following: student insurance, officials, assignors, school supplies allocation, and transportation. During most years, a small percentage of allocated hours are not submitted, either due to weather related cancellations or other circumstances. The budget summary below assumes this discount factor.
