- **Fiscal 2018 Executive Budget Changes.** The Fiscal 2018 Executive Budget includes approximately \$20 million in new needs and \$282.8 million in other adjustments to the Fiscal 2018 Budget, of which \$7.3 million is for the citywide savings program. This includes:

*The difference of Fiscal 2017 Adopted Budget compared to Fiscal 2018 Executive Budget.

The City's Fiscal 2018 Executive Budget totals \$84.9 billion, \$2.8 billion more than the Fiscal 2017 Adopted Budget of \$82.1 billion. City funds (City tax-levy and non-tax revenues) total \$61.1 billion when compared to the Fiscal 2017 Adopted Budget amount of \$59.3 billion.

The NYPD's Fiscal 2018 Executive Budget of \$5.6 billion is \$417.2 million, or 8.1 percent more than its Fiscal 2017 Adopted Budget of \$5.2 billion. The increase is due to growth in the Personal

Services (PS) budget of \$318.4 million and an increase in the Other than Personal Services (OTPS) budget of \$98.8 million. The proposed budget for Fiscal 2018 is \$302.7 million or 5.7 percent more than the NYPD's Fiscal 2018 Preliminary Budget of \$5.3 billion.

Since the adoption of the Fiscal 2017 Budget, several initiatives have impacted both the Department's budget and headcount for Fiscal 2017 and Fiscal 2018. For Fiscal 2017, these include \$31.3 million in new needs and \$501.9 million in other adjustments. For Fiscal 2018, these include \$40.5 million in new needs and \$320.6 million in other adjustment. Combined, the above actions reconcile the NYPD to its current budget of \$5.7 billion for Fiscal 2017 and \$5.6 billion for Fiscal 2018. (See Appendix 1 for a list of all budget actions since adoption.)

The Department's Executive Budget for Fiscal 2018 shows a growth of \$417.2 million from Fiscal 2017 to 2018, but a \$116.1 million decrease when compared to the current Fiscal 2017 Budget of \$5.7 billion. This drop is due to the recognition of federal and other categorical revenue for Fiscal 2017 during the current year. Changes in the Fiscal 2018 Executive Plan for Fiscal 2017 include \$18.2 million in new needs and \$237.4 million in other adjustments. For Fiscal 2018, changes include approximately \$20 million in new needs and \$282.8 million in other adjustments. (See Appendix 1 for a list of all Executive Budget changes.)

- **City Tax-Levy Increase.** The City-funded portion of the Fiscal 2018 Executive Budget shows an increase of \$322.7 million when compared to the Fiscal 2017 Adopted Budget, and the Fiscal 2017 budget as the Fiscal 2018 Executive Budget shows growth of \$216.1 million, during to an increase in overtime spending and OTPS spending.
- **Non-City Funding.** Non-City funding increases in the Fiscal 2018 Executive Budget by a net total of \$94.5 million when compared to the Fiscal 2017 Adopted Budget, and the Fiscal 2017 budget as of the Fiscal 2018 Executive Budget increases by a net total of \$317.1 million. For Fiscal 2018, the increase is due to a considerable increase in federal funding of \$54.6 million when compared to the Fiscal 2017 Adopted Budget. Due to the recognition of federal grants such as the Urban Areas Security Initiative.
- **Significant Program Area Changes.** The Fiscal 2018 Executive Budget supports 20 program areas within the Department. While the Department's Fiscal 2018 Budget includes \$33.2 million in new needs. The majority of the increase to nine of the Department's 20 programs is in areas largely attributable to the recently signed \$222.7 million collective bargaining agreement (CBA) with the Patrolmen's Benevolent Association (PBA). The majority of the funding for the CBA can be seen in the Chief of Department, Patrol, and Detective Bureau program areas.
- **Headcount Changes.** The Department's overall headcount increases by 52 positions from the Fiscal 2017 Adopted Budget to the Fiscal 2018 Executive Budget, with a decrease of 74 civilian positions and an increase of 126 uniform positions. The Fiscal 2017 Budget as of the Fiscal 2018 Executive Budget reflects an increase of 277 positions, 235 civilian positions and 42 uniform positions since adoption.

New in the Executive Budget

The Fiscal 2018 Executive Budget introduced approximately \$20 million in new needs and \$282.8 million in other adjustments as listed in Appendix A.

- Opioid Enforcement.** In March, the Administration announced the launch of HealingNYC a new multiagency initiative to combat the opioid epidemic. The goal of HealingNYC is to reduce opioid overdose deaths by 35 percent over the next five years. The total funding for this initiative in the Executive Budget is \$34.3 million and an additional 154 positions across six agencies. The Department’s Fiscal 2018 Executive Budget includes \$17.9 million in Fiscal 2018 and decreasing to \$15.9 million in Fiscal 2019 for 134 positions; 84 Detectives (uniform) and 50 criminalists (civilian). The Department will assign 84 new detectives to investigate overdoses and to make long-term drug trafficking cases. Additionally, OTPS funding will also enable the Department to procure 23,000 Narcan kits every other year. The following chart indicates the new expense funding and headcount in the Fiscal 2018 Executive Plan.

HealingNYC Roadmap

Total	\$3,475	1	\$34,295	154	

- Collective Bargaining.** The Fiscal 2018 Executive Budget includes baselined funding to support costs associated with the recently signed collective bargaining agreement with the Patrolmen’s Benevolent Association (PBA). The Executive Budget includes \$194.2 million in Fiscal 2017 and \$222.7 million in Fiscal 2018 and decreasing in the outyears. The PBA contract awards members a nine percent raise over the years 2012 to 2017.
- Citywide Savings Program.** The Citywide Savings Program allows agencies to voluntarily identify cost savings. In its Fiscal 2018 Executive Budget, NYPD proposed \$7.4 million in savings in Fiscal 2018 and \$13.1 million in Fiscal 2019 and in the outyears.
 - City Time Implementation.** The Fiscal 2018 Executive Budget recognizes a saving of \$5.4 million beginning in Fiscal 2019 for the implementation of City Time access for civilian employees. According to the Department, the implementation of City Time for civilians will allow the Department to use fewer resources when it comes to timekeeping at the Department, allowing 160 positions associated with timekeeping to naturally attrit out.
 - Civilian Vacancy Reduction.** The Fiscal 2018 Executive Budget recognizes \$7.3 million in baseline cost savings related to a headcount reduction of 150 vacant non-safety civilian positions. According to the Department, the 150 positions have been vacant due to the slow hiring process for civilians and will not impact the

Department's civilization efforts. In the Fiscal 2018 Preliminary Budget, the Department also reduced 150 vacant non-safety civilian positions, increasing the total number of non-safety civilian positions that were eliminated to 300 and the savings to \$12 million.

- **Load Bank Generator Testing.** The Fiscal 2018 Executive Budget recognizes a saving of \$128,000 in Fiscal 2018 and increasing to \$483,760 in Fiscal 2019, due to the Department performing load bank generator testing in-house and reducing the reliance on contract services to provide this service. While the Department will hire an additional eight positions (four electricians and four diesel mechanics) in Fiscal 2018, the net impact of those positions are offset by the decrease in contract services for this service. According to the Department the estimated contract value was approximately \$480,000.
- **Domestic Violence Evidence Collection Equipment.** The Fiscal 2018 Executive Budget includes one-time asset forfeiture funding of \$177,926 to purchase 88 cameras, one for every precinct and housing police service area. The additional funding will expand the availability of technology for the Department and will fund training on domestic violence evidence collection techniques.
- **Gunshot Detection Expansion.** The Fiscal 2018 Executive Budget includes \$720,000 in Fiscal 2018 and decreasing in the outyears \$675,000. The additional funding will expand this technology by nine square miles to the 42nd, 44th, 32nd, and the 121th precincts. This additional funding brings the total square mile coverage to 69 square miles.
- **Firing Range Lead Remediation at Rodman's Neck.** The Fiscal 2018 Executive Budget includes \$901,847 in Fiscal 2018 and \$410,519 in Fiscal 2019 for lead remediation at Rodman's Neck. Remediation of the firing range at Rodman's Neck was previously covered with capital funds. With capital funding provided in the Preliminary Budget for the rehabilitation of Rodman's Neck, expense funds must now be used to cover future remediation. The Office of Management Budget (OMB) expects this cost to be considered a capital expense, once the new facility is fully completed. The Department expects to complete this project in two years.
- **Information Technology Maintenance.** This Fiscal 2018 Executive Budget includes one-time funding in Fiscal 2017 of \$16.1 million for maintenance of critical infrastructure, such as Department data centers at PSAC2.
- **Lease Adjustment.** The Fiscal 2018 Executive Budget includes a technical adjustment for the Department's lease budget of \$201,306 in Fiscal 2017 and \$207,345 in Fiscal 2018.
- **Auto Parts.** The Fiscal 2018 Executive Budget includes one-time funding of \$1.9 million in Fiscal 2017 to cover a structural deficit in the Department's support services budget.

NYPD Budget Issues

The following section highlights an issues and concerns that pertains to NYPD's Executive Budget.

- **Trump Tower Security.** Previously the Council highlighted the budget risk of the costs incurred and anticipated by the Police Department for providing security for Trump Tower. However, Congress recently approved \$61 million in funds to reimburse local police departments for protecting the President and the first family. The money includes \$20 million covering the period from the election to the inauguration. Another \$41 million will cover the period from inauguration through September 2017. These funds are in addition to the \$7 million in funds already approved for the period between the election and the inauguration. According to the NYPD, during the period from Election Day to inauguration day, the NYPD incurred \$24 million in costs to protect Trump Tower. The Police Department estimates that the Department will spend an average of \$127,000 to \$146,000 to protect the First Lady and their son while they reside in the Trump Tower. However, the NYPD anticipates these costs will increase to an average daily rate of \$308,000 during presidential visits. While, the Police Department anticipates applying for full reimbursement of costs incurred and anticipated costs for protecting Trump Tower and the first family, it will remain a budget risk for the Department until the funds are recognized in its budget.

Preliminary Budget Response

The Council's response to the Mayor's Fiscal 2018 Preliminary Budget included a recommendation for the Department to bolster the NYPD hate crime task force.

- **Bolster the NYPD Hate Crime Task Force.** The Council called upon the NYPD to shift existing resources and personnel to the Hate Crime Task Force. The Hate Crime Task Force is a dedicated citywide team of investigators who are responsible for investigating hate crimes and related incidents. The Police Department has recently increased the team from 20 to 27, due to an increase in hate crime activity across the City. The Council continues its call upon the NYPD and the Administration to ensure that adequate personnel and other resources are available to prevent, investigate, and prosecute hate crimes.

Preliminary Budget Highlights

NYPD's Fiscal 2018 Executive Budget also entails changes made in the Preliminary Budget. Below are some of the key highlights from the Department's Fiscal 2018 Preliminary Budget.

- **School Crossing Guards.** To ensure that the Department can assign school crossing guards to every post, the NYPD will hire 100 full-time School Crossing Guard supervisors and 200 additional part-time School Crossing Guards. Additionally, it should be noted that the additional 100 School Crossing Guard supervisors is a brand new position in the Department. The NYPD will also create a mobile replacement squad to provide absence and special needs coverage of crossing guard posts. According to the Office of Management and Budget (OMB), the additional 200 part-time School Crossing Guards brings the budgeted headcount for part-time School Crossing Guards to 2,638 in Fiscal 2018. While crossing posts are currently covered at near 100 percent rates by deploying traffic enforcement agents (and, occasionally, police officers), the funding and headcount

increase ensures full coverage by crossing guards, allowing traffic agents and officers to be redeployed to other duties including enforcement against dangerous driving. The new hires will increase the NYPD's expense budget by \$5.4 million in Fiscal 2017 and \$6.3 million in Fiscal 2018. Funding increases in Fiscal 2019 to \$6.7 million and to \$7.2 million in the outyears.

- **Bullet-Resistant Window Inserts.** The Fiscal 2018 Preliminary Budget included \$5.2 million in Fiscal 2017 and 2018 to install bullet-resistant windows on approximately 3,800 patrol vehicles. The funding will enable the Department to install bullet-resistant window inserts on both the passenger and driver side windows. The Department expects to complete by the project by June 2018.
- **Vision Zero Equipment.** The Fiscal 2018 Preliminary Budget included one-time funding of \$549,885 in Fiscal 2018 to enhance the Department's Vision Zero efforts. The additional funding will enable the Department to purchase 120 handheld laser speed detection guns to be deployed to local precincts, which will ensure each precinct has three speed detection guns. The funding will be used to purchase 15 vehicle mounted speed detector lasers for the Highway Patrol.
- **Department of Homeless Services (DHS) Peace Officer Training.** The Fiscal 2018 Preliminary Budget included \$5.7 in Fiscal 2017 and decreasing to approximately \$5 million in the outyears for 47 new positions (42 uniform and five civilian) for the DHS Management Team and Peace Officer Training. Of which 24 positions are in the Training Bureau program area beginning in Fiscal 2018 to devote resources for NYPD to develop its management team to oversee the management of security at homeless shelters, and to provide new recruit and in-service training to all Peace Officers at DHS. Funding for this initiative can also be seen in the Detective and Support Services program areas. The NYPD has already trained more than 700 peace officers on practices such as searching for weapons, understanding mental illness, and crisis management training. Training is usually conducted in groups consisting of 25 Peace Officers. In addition to the funding at NYPD, DHS is adding \$20 million in Fiscal 2017 and in the outyears to enhance security at homeless shelters. By 2018, 78 new Peace Officers will come onboard, bringing the total number of DHS Peace Officers to 940.
- **Community Center Programming.** The Fiscal 2018 Preliminary Budget included \$914,833 in Fiscal 2018 and baseline funding of \$745,000 beginning in Fiscal 2019 for programming at 127 Pennsylvania Avenue Community Center in Brooklyn. Funding will enable a service provider selected by the Department to provide programming to the surrounding community, such sports and other recreational activities. OTPS funding decreases in the outyears, due to an initial outfitting of the community center with equipment and supplies. According to the Department, this request for proposal (RFP) for a program provider has yet to be released.

NYPD Capital Strategy and Plan

Ten-Year Capital Strategy

The City’s Ten-Year Capital Strategy totals \$95.8 billion (all funds) an increase of \$6.2 billion, or 6.4 percent from the Preliminary Ten-Year Capital Strategy total of \$89.6 billion. The Department’s Ten-Year Capital Strategy for Fiscal 2018-2027 totals approximately \$1.7 billion and its Executive Capital Commitment Plan for Fiscal 2017-2021 totals approximately \$2 billion. Unlike the Ten-Year Capital Strategy, the Executive Capital Commitment Plan includes Fiscal 2017 and since the Department and OMB tends to frontloads budgets for capital projects, the Fiscal 2017-2021 Executive Capital Commitment Plan is approximately \$3.2 million larger than then Ten-Year Capital Strategy.

The NYPD’s capital projects are divided into five categories as illustrated by the below chart. Each of these categories and their budgets are discussed below.

Capital Commitment Plan

The Executive Capital Commitment Plan includes approximately \$2 billion in Fiscal 2017-2021 for the Department. The Department's Executive Capital Commitment Plan increased by \$109.6 million or six percent when compared to its Preliminary Plan.

Since the Office of Management and Budget (OMB) frontloads budgets for capital projects, which usually span multiple fiscal years, agencies often roll unspent capital funds into future fiscal years. In Fiscal 2016, the NYPD only committed \$190.3 million or approximately 42 percent of its annual capital plan. Therefore, it is assumed that a significant portion of the NYPD's Fiscal 2017 Capital Plan will be rolled into outyears.

Executive Capital Highlights

The principal mission of the Police Department is to maintain public safety and security, respond to calls for emergency aid and to conduct investigations of criminal activity. To achieve its mission, the NYPD has three capital program goals. These goals are to maintain safe and proper replacement cycles for all equipment necessary for policing activities, to maintain facilities and

building systems, and to enhance policing efforts by upgrading and purchasing new equipment. Currently the Department is engaged in numerous Department-wide precinct renovations. As previously mentioned in the Ten-Year Capital Strategy, similarly a majority of the Department's Executive Capital Commitment Plan funding is allocated to maintain police facilities.

Below are the significant projects from the NYPD's Fiscal 2017-2021 Executive Capital Plan.

- **Sustainable Technology Initiative Phase Two.** The Executive Capital Commitment Plan includes \$131.5 million for phase two of the Department's Sustainable Technology Initiative. With much of the NYPD's existing IT infrastructure reaching the end of useful lifecycle, this initiative funds a complete overhaul of current technological operations and brings sustainable hardware and software development to the Department. The Executive Capital Commitment Plan includes \$25 million in planned commitments for Fiscal 2017 and \$86.4 million in planned commitments for Fiscal 2018.
- **Firearms Tactical Training Centers.** The Executive Capital Plan includes \$9.6 million over five years to renovate the Training Bureau by having training centers at ten locations throughout the City. According to the Department, these locations have become obsolete and have not been in use for over 20 years. The planned capital commitments will refresh these locations into functioning classrooms and have a video simulator at each location.
- **Renovation of Precinct Bathrooms Department-wide.** The Executive Capital Commitment Plan includes a total of \$36.8 million for renovation of bathrooms in the 77 precincts and One Police Plaza. The plan commits \$10.4 million in Fiscal 2017 and \$26.4 million in Fiscal 2018. Since May 2016, 28 bathroom renovations (in the 19th, 23rd, 50th, 78th, 83rd, 100th, & 120th precincts) out of the approximately 268 bathrooms that have been completed citywide.
- **Citywide Locker Room Renovation.** The Executive Capital Commitment Plan includes \$59.7 million in capital commitments for to renovate locker rooms department-wide. The Plan commits \$14.3 million in Fiscal 2017, \$14.7 million in Fiscal 2018, \$15.1 million in Fiscal 2019 and \$15.6 million in Fiscal 2020 for this capital project. The Department plans to complete six precincts locker rooms in Fiscal 2017.
- **New 116th Precinct.** The Executive Capital Commitment Plan includes \$70 million in capital commitments for the construction of a new 116th Precinct in Southeast Queens. The construction of the 116th Precinct will allow for faster response times and improved crime fighting in the area. According to OMB, the Capital Commitment Plan reflects a more realistic design timeline and moves \$9.5 million to Fiscal 2018 for the design of the new precinct and \$59.5 million remains in Fiscal 2019 for the construction portion of this project.
- **New Property Clerk.** The 2018 Executive Capital Commitment Plan includes \$435 million in planned commitments for the site acquisition costs and construction for a new property clerk facility. The Department is considering Queens as the location for the new facility and is currently working with the Department of Citywide Administrative Services (DCAS) on site acquisition.
