COUNCIL MEMBERS HONOR BERNIE DIAMOND, CB 8Q MEMBER FOR 35 YEARS

Council Members Mark Weprin and James F. Gennaro honored Bernard Diamond for thirty-five years of service to Community Board 8 Queens and to the community overall. After attending Brooklyn Technical High School and City College of New York, Diamond's commitment to education flourished and he worked in East Harlem's Community School District (CSD) No. 4 in various capacities, from teacher to Principal to School District Administrator.

"I applaud Bernard Diamond for his selfless commitment to the community, from educating our children to advocating healthcare for seniors," said Council Member Mark Weprin.

In addition, Diamond is also an influential advocate for health care in the community, serving as President of Hillcrest Estates Civic Association, Chairman of the Queens Hospital Center Community Advisory Board, and member of the St. John's University Community Dialogue Group.
