

Dear New Yorker,

The New York City Economic Development Corporation (NYCEDC) and the New York City Department of Transportation (NYCDOT) have begun a six-month Comprehensive Citywide Ferry Study. This study aims to further expand ferry service around New York City and identify areas in each borough that are suitable for new ferry landing sites.

If you care about this issue as much as we do, please join us at a Manhattan Public Meeting and let your voice be heard!

There's limited space available for this meeting and it's filling up fast! Please RSVP TODAY to speakerquinn@council.nyc.gov or call 212-788-9221.
