Paul Scimone, Deputy Director
Nathan Toth, Deputy Director

Department of Small Business Services Executive Budget Overview

Fiscal 2019 Executive Budget - \$258.4 million

Less than one percent (0.29%)
of the City's Budget

\$183.4 million in City funds

376 headcount

73 Contracts

Major Agency Issues

- The Executive Budget includes funding for the school bus program. The Council in prior hearings has raised questions on the procurement process surrounding this contract, and on the authority of the agency to continue the program after the first year it was authorized by the Council.
- The Executive Budget included an increase in headcount of 14. SBS has a high vacancy rate with actual headcount significantly less than the planned headcount, making this addition potentially unnecessary.

2019 Executive Budget by Program Area

2019 Budget Response

- In Fiscal 2017, the Administration added \$20 million in funding for the MWBE Bond Surety Fund and MWBE Loan fund, of which \$13.5 million was rolled over from Fiscal 2017 to Fiscal 2018. Currently, \$4.6 million in Contract Financing Loan Fund and \$9.4 million in Bond Collateral Assistance Funds remain to be utilized. The Council understands that assistance in securing project financing and bonding is crucial for MWBEs and urges the Administration to ensure that funds dedicated for this initiative are utilized expeditiously.

Executive Plan Changes

The Fiscal 2019 Executive Plan includes the following changes:

- An \$85.7 million increase in the agency's budget from the Fiscal 2019 Preliminary Plan of \$172.7 million to a current plan at \$258.4 million;
- An increase in headcount of 14 from 362 in the Fiscal 2019 Preliminary Plan to 376 in the Executive Plan;
- New Needs totaling \$56.3 million in Fiscal 2019;
- Other Adjustments decrease to SBS's budget by \$11.1 million in Fiscal 2018 and an increase of \$29.5 million in Fiscal 2019;
- SBS' Savings Program includes \$380,000 in Fiscal 2019, \$395,000 in Fiscal 2020, \$264,000 in Fiscal 2021 and Fiscal 2022 in Other Than Personal Services (OTPS) savings;
- A total of \$427,000 in Fiscal 2018 in Personal Services (PS) Savings; and
- A total of \$22,000 in Fiscal 2019 and \$61,000 in Fiscal 2020 to Fiscal 2022 in procurements savings.

Department of Small Business Services Overview

This report presents a review of the Department of Small Business Services (SBS) Fiscal 2019 Executive Budget. The section below presents an overview of the Department's budget and how it has changed during the course of Fiscal 2018, followed by a review of the significant budget actions introduced in the Fiscal 2019 Executive Budget. Major issues related to the Department's budget are then discussed. Appendix 1 reports the changes made to the Fiscal 2018 and Fiscal 2019 Budgets since Adoption of the Fiscal 2018 Budget. For additional information on the Department's budget and its various programs, please refer to the Fiscal 2019 Preliminary Budget Report for SBS at: <https://council.nyc.gov/budget/wp-content/uploads/sites/54/2018/03/FY19-Department-of-Small-Business-Services.pdf>

Below is a summary of key funding changes by program area and source when comparing SBS's Fiscal 2019 Executive Budget to its Fiscal 2018 Adopted Budget.

**The difference of Fiscal 2018 Adopted Budget compared to Fiscal 2019 Executive Budget.*

The Department's Fiscal 2019 Executive Budget is increasing by \$41.9 million across all program areas, when compared to the Fiscal 2018 Adopted Budget. This overall increase is driven by an increase in funding for the school bus program, construction safety training, ApprenticeNYC, career pathways, rezoning and several Mayoral initiatives such as Small Business First, Neighborhood 360 and Love Your Local.

The Department’s Fiscal 2019 Executive Budget provides funding for 362 full-time positions across all divisions, which is 44 positions more than the headcount at the Fiscal 2018 Adopted Budget.

There are 14 additional positions reflected in the Executive Budget when compared to the Preliminary Budget. In the Executive Plan SBS’s headcount has increased by 21 and decreased by seven, resulting in a net change of 14 headcount.

Program	Headcount Change
Career Pathways	13
Downtown Rockaway Rezoning – Project Manager	1
Jerome Avenue Rezoning – Project Manager	1
Section 3 Coordinator – Executive Director	1
Center For Economic Opportunity (CEO)	5
Total Headcount Increase	21
Vacancy Reduction – Citywide Savings Initiative	(7)
Net Headcount Increase in Fiscal 2019 Executive Plan	14

New in the Executive Budget

SBS’s Fiscal 2019 Executive Budget introduces \$56.3 million in new needs and \$29.5 million in Other Adjustments in Fiscal 2019. These include the following:

- The Fiscal 2019 Executive Plan includes \$41.8 million in Fiscal 2019 and \$2.2 million in Fiscal 2020 for the School Bus program to support the employment of experienced school bus workers impacted by changes in the Department of Education’s contracts for school bus transportation. The program was authorized by Local Law 44 of 2014, which the Council enacted at the request of the de Blasio Administration. The legislation authorized SBS to establish a grant program in relation to the employment of school bus drivers, attendants, dispatchers and mechanics that contracted with DOE to provide transportation services to K-12 students. The Local Law expired on December 31, 2015.

The Council in prior hearings has raised questions on the procurement process and how it has supported just one firm – Reliant Transportation - and on the authority of the agency to continue the program after the first year authorized by the Council.

- The Fiscal 2019 Executive Plan includes \$7.1 million in Fiscal 2019 for Career Pathways. Career Pathways was initially funded in Fiscal 2016 for three years with the intent of improving the NYC Workforce system by creating and implementing a Career Pathways Workforce Development Plan. The intent was to build skills, increase job quality and improve system and policy coordination. Areas that focused on included technology, healthcare, industrial and construction sectors.

At the Preliminary Budget Hearing, the Council advocated for Fiscal 2019 funding for Career Pathways, which is critical for improving NYC Workforce System. The agency mentioned that it was in conversation with the Office of Management and Budget (OMB) for the continuation of funding beyond Fiscal 2019.

- The Fiscal 2019 Executive Plan includes \$50,000 in Fiscal 2018 for the BID Program. Department of Finance (DOF) developed a new property tax system to track BID assessment data. Funding is for the development of a SBS specific software solution that can integrate with the new DOF system.

- The Fiscal 2019 Executive Plan includes \$400,000 in Fiscal 2019, \$150,000 in Fiscal 2020 and \$100,000 in Fiscal 2021 for the East Harlem Rezoning. A satellite Workforce 1 Career Center will be established in East Harlem in a location accessible to the public with input from the community and local Council Members. This center will offer connections to employment and training services.
- The Fiscal 2019 Executive Plan includes \$50,000 in Fiscal 2018 and \$100,000 in Fiscal 2019 to Fiscal 2021 for the Jamaica Action Plan. Funding is for the development of a new storefront improvement program in Downtown Jamaica.
- The Fiscal 2019 Executive Plan includes \$2.1 million in Fiscal 2019 and Fiscal 2020, \$1.8 million in Fiscal 2021 and \$1.6 million in Fiscal 2022 for Jerome Avenue Rezoning. SBS will create a Jerome Avenue Business Grant Program to help business that are directly displaced and need to adapt to changes in the neighborhood. Each business that is directly displaced will be eligible to receive grants of up to \$20,000 per business. SBS will coordinate with local community organizations and elected officials to conduct regular door-to-door outreach to notify all businesses along the corridor of these grant and loan programs. Funding will also support a position, which will be housed at SBS, and will provide a central contact point for businesses seeking assistance with compliance, business management, legal services, and relocation resources from SBS and partnering organization.
- The Fiscal 2019 Executive Plan includes \$398,000 in Fiscal 2019 and \$1.8 million in Fiscal 2019 and Fiscal 2020 for MWBEs. The Mayor set a goal of 30 percent utilization of Minority and Women Business Enterprises by Fiscal 2020 and 9,000 certified firms by Fiscal 2019. Funds will enable SBS to reach these targets, by designing and executing a multi-year marketing campaign. In addition, SBS has partnered with Mayor's Office of MWBE to significantly increase access to capital for MWBEs. Funds will help MWBE's package loans to access the pool of private capital established by the Mayor's Office of MWBE.
- The Fiscal 2019 Executive Plan includes \$130,000 in Fiscal 2018, \$560,000 in Fiscal 2019, \$563,000 in Fiscal 2020, \$568,000 in Fiscal 2021 and \$68,000 in Fiscal 2022 for Downtown Rockaway Rezoning. As part of the recent rezoning of Downtown Far Rockaway, SBS will roll out its Neighborhood 360 program. This includes conducting a Commercial District Need Assessment (CDNA) including a BID feasibility analysis in Fiscal 2018 and rolling out a 3-year grant program. This will enable CBO to implement on key findings and opportunities from the CDNA in Fiscal 2019 through Fiscal 2021.
- The Fiscal 2019 Executive Plan includes \$100,000 in Fiscal 2018 for Career Ladders for a consultant to provide greater insight into the issues impacting retention and opportunities for advancement in the social services sector. CUNY conducted this study, which provided recommendations about increasing employee retention and providing training and education opportunities to workers to help them advance.
- The Fiscal 2019 Executive Plan includes \$380,000 in Fiscal 2019, \$395,000 in Fiscal 2020, \$264,000 in Fiscal 2021 and Fiscal 2022 for Other Than Personal Services (OTPS) savings. Personal Services (PS) savings total \$427,000 in Fiscal 2018. The Fiscal 2019 Executive plan includes savings in both PS and OTPS for the agency. As part of the Executive Plan, OMB requested that the agency come up with a two percent efficiency savings. The amount reflected in PS and OTPS represent the agency proposal to OMB. The PS savings in Fiscal 2018 was derived from accruals and the OTPS

savings in Fiscal 2018 and in the outyears were efficiency savings in the various programs administered by SBS.

- The Fiscal 2019 Executive Plan includes \$22,000 in Fiscal 2019 and \$61,000 in Fiscal 2020 through Fiscal 2022 in procurement savings. This is part of a Citywide Savings Program with regard to procurement reform.

Fiscal 2019 Preliminary Budget Response

The Council's Response to the Mayor's Fiscal 2019 Preliminary Budget included recommendations for SBS concerning MWBEs.

Encourage Minority-and Women-Owned Business Participation

The Council and Administration must work together to thoughtfully streamline aspects of the procurement process to encourage minority and women-owned businesses (MWBEs) to submit bids for capital contracts with the City. Parts of the City's procurement process are burdensome for the City agencies and contractors involved and should be reviewed to ensure that MWBEs are able to successfully navigate it and to be awarded an increased number of contracts.

Support the MWBE Bond Surety Fund and Loan Program:

In Fiscal 2017, the Administration added \$20 million in funding for the MWBE bond Surety Fund and MWBE Loan Fund, of which \$13.5 million was rolled over from Fiscal 2017 to Fiscal 2018. The Council urged the Administration to ensure that there is no further delay in contract registration process and that funds dedicated for this initiative is used in a more timely manner. Certified MWBE firms have repeatedly cited access to capital and difficulty obtaining bonding as barriers to entry that prevent them from obtaining contracts. In order to address these barriers, the Mayor had decided to establish the Bond Surety Fund, and Loan program to help MWBEs to compete for City contracts. The Bond Surety Fund assisted certified MWBEs with securing bonding in order to be able to bid on and take up City projects, in accordance with New York State laws that require MWBEs to secure surety bonds before they are awarded contracts via City procurement or development. The Fund was used to provide a percentage of the collateral required by sureties when firms apply for bonding. The MWBE Loan Program provided low-interest loans to all City-certified MWBEs, who otherwise were unable to obtain such financing. Funds from this program served as working capital which enabled firms to make necessary up-front investments.

However, as of this moment, \$4.6 million in Contract Financing Loan Fund and \$9.4 million in Bond Collateral Assistance Fund remains unutilized.

Budget Issues

The following section provides issues and concerns as it pertains to SBS's Executive Budget.

- The Executive Plan includes funding for the school bus program to support the employment of experienced school bus workers impacted by changes in the Department of Education's contracts for school bus transportation. The program was authorized by Local Law 44 of 2014, which the Council enacted at the request of the de Blasio Administration. The legislation authorized SBS to establish a grant program in relation to the employment of school bus drivers, attendants, dispatchers and mechanics that contracted with DOE to provide transportation services to K-12 students. The Local Law expired on December 31, 2015. The Council in prior hearings have raised questions on the procurement process and on the authority of the agency to continue the program after the first year authorized by the Council.

- The Executive Plan included an increase in headcount by 14. SBS already has a high vacancy rate with actual headcount significantly less than the planned headcount. In response to a follow-up letter that the Council sent after the Preliminary Budget hearing asking SBS to explain the high vacancy rate, the agency provided the following reasons.
 - In order to effectively fill open positions, SBS has a full-time recruiter to conduct outreach to jobseekers. This includes posting positions on job websites, recruiting within City government and local academic institutions, outreach to organizations such as BIDs and attending local college career fairs and networking events.
 - On average, SBS experiences a turnover rate of about 45 employees per fiscal year. Through staff capacity and program planning, the agency ensures that vacancies do not adversely impact the quality of services.
 - Since the start of the de Blasio Administration, SBS has implemented several Mayoral initiatives which have required new staff. Specifically, these initiatives have resulted in a 60 percent increase in headcount between Fiscal 2015 and Fiscal 2019. This equates to an average increase of 45 lines per year for the past three years and includes the following programs:
 - Career Pathways
 - Construction safety training
 - Small Business First
 - WE NYC
 - Love Your Local
 - Neighborhood 360
 - Expansion of M/WBE program
 - Business PREP
