Introduction

In many ways the Fiscal 2022 budget is a final act. This is the last budget presented by Mayor Bill de Blasio, and the last of four budgets approved by this City Council under the leadership of Speaker Corey Johnson and Finance Chair Daniel Dromm. This body recognizes how fortunate it was to be able to pass its first two budgets of the session during a time of prosperity for the City, and the gravity of adopting the Fiscal 2021 budget at the height of the deadly COVID-19 pandemic, the resulting sudden economic crisis, and amidst a critical national conversation about race. However, regardless of the circumstances, this Council has maintained its steadfast commitment to equity, to protecting the social safety net, and doing the most good for those who need it the most.

The thread of these principles can be seen beginning with the Fiscal 2019 budget when the Council created the Fair Fares program, invested \$125 million in Fair Student Funding, and dedicated \$150 million to school accessibility improvements. In Fiscal 2020, the Council's advocacy improved pay parity within the early childhood care and education system and the public legal services sector and supported human services providers in the form of increased funding for the indirect rate. And, even when the fiscal position of the City was crashing around us, in Fiscal 2021, the Council secured an additional \$25 million to prevent food insecurity and took significant steps to begin the reformation of the Police Department's budget and preserve youth programs. The Council has consistently fought for the Summer Youth Employment Program, adult literacy programs, senior services, supportive housing, and our libraries and cultural institutions. And, this Council has been a champion of fiscal responsibility by always negotiating for the inclusion of additional reserves in the budget, which served the City well last year when it needed to tap into those reserves to avoid severe service cuts.

But, even as we take this opportunity to look back, we know that this budget is also one of new beginnings. As our beloved City emerges from the havoc wreaked by COVID-19, the Fiscal 2022 budget is an opportunity to rebuild, recover, and reimagine the City in a more fair and more equitable way.

In Fiscal 2022, much of that work will be possible because of the federal funding secured for New York City by Majority Leader Chuck Schumer and the entire New York City Congressional delegation. The Council and the public look forward to the Administration's stated commitment of increased compliance with Local Law 76 of 2020 to create a public, transparent, and user-friendly federal funding tracker so that we can all clearly see how the COVID-related federal funding is being allocated and spent.

Knowing that the federal relief was on its way, on April 7, 2021, the Council submitted its response to the Fiscal 2022 Preliminary Budget with numerous proposals to strategically use the federal funds and the resources of the entire budget to target programs to promote and support the City's economic recovery. The Administration listened and the release of the Fiscal 2022 Executive Budget on April 26, 2021, funded \$1.8 billion of the Council's stated priorities, including:

- **One hundred percent Fair Student Funding** – This historic level of resources will provide \$605 million in additional Fair Student Funding so that every single public school in the City will receive 100 percent of their Fair Student Funding allocation.
- **Additional Funding to Support Students for a Better Tomorrow** – The Executive Budget included \$160 million for universal summer school, \$22 million to expand special education pre-kindergarten, \$19.7 million to restore College Access for All, and funding for all schools to provide small group tutoring to address learning loss as students recover from the impact of the COVID-19 education setbacks and to set them up for success going forward.
- **Restore and Fully Fund Indirect Rates** – In Fiscal 2020, the Council fought for the Administration to finally recognize the vital services provided by human service providers and right-size the indirect rates they receive. The budget includes \$60 million to fully fund that initiative.

- **Improve Sanitation Services** – The Executive Budget included \$19 million for sanitation services pushed for by the Council, which included restoring and increasing organics drop-off site funding to \$7 million, \$4 million to fully fund the commercial waste zone program, \$4 million to restore in-house security at Department of Sanitation facilities, \$451,000 to restore the syringe collection cut, \$2.6 million to restore the special waste collection program cut, and \$1 million to restore the Zero Waste education programs at schools.
- **Help Small Business Recover** – Small businesses are the backbone of our City, and the Executive Budget funded \$105 million in Council priorities to support them as they recover. This included \$100 million to fund various programs that will provide a lifeline to struggling small businesses and \$5.2 million to restore the Commercial Lease Assistance Program.

Following its review of the Executive Budget proposals and consideration of the significantly changed financial outlook for the City, the Council is proud to have secured support for a wide array of vital programs that will be included in the Fiscal 2022 Adopted Budget. The following programs and initiative reflect the shared priorities agreed to by the Council and the Administration in the Fiscal 2022 Budget:

- **Protect the City's Financial Stability** – The Fiscal 2022 Adopted Budget adds \$500 million to the Rainy Day Fund, newly created as a result of the Charter Revision Commission convened by the Council, for use in the future in the event of an economic downturn.
- **Make Additional Investments in Education** – In addition to the major education increases reflected in the Executive Budget, the Adopted Budget will include \$18 million for a class size reduction program, \$9 million to make community schools whole and \$5 million to add ten new community schools, and \$27 million for a citywide literacy curriculum to help K-2 students read at grade level.
- **Baselining Critical Programs** – After many years of negotiating for one-time funding for critical programs like adult literacy; Work, Learn, Grow; Urban Advantage; and CUNY STEM, funding for these programs will be baselined at \$8 million, \$9.7 million, \$3.5 million, and \$1 million respectively.
- **Prevent Hunger** – The Adopted Budget will include another \$25 million for fresh food and community-based food pantries because nobody should go hungry in one of the wealthiest countries in the world.
- **Support Human Service Providers** – Human service providers will receive a one-time bonus totaling \$24 million in recognition of the valuable work that they do.
- **Maintain our Parks** – One thing that was confirmed during the COVID-19 pandemic was the importance of our parks which were widely used for recreation and exercise and just a space to breathe and relax over the past chaotic year. This year's Adopted Budget will include \$25 million to restore 150 Park maintenance workers, hire 80 Park Enforcement Patrol Officers, restore 15 Green Thumb staff, hire 50 Urban Park Rangers, maintain natural forests and trails, and remove tree stumps.
- **Increase Rates for Summer Rising** – The Fiscal 2022 Adopted Budget will include an additional \$24 million so that each Summer Rising provider can receive an increase, with elementary providers (COMPASS and Beacons) receiving a 30 percent increase and middle school providers (SONYC and Beacons) receiving a ten percent increase.
- **Protect our Foster Youth** – In order to continue the successful Fair Futures program that is making such a difference in the lives of so many foster youth, the budget will include an additional \$9.2 million, for a total of \$12 million that will be baselined.
- **Get CUNY Students on Track and Help Them Graduate** – The budget restores \$1.7 million for the Remediation Program to help students move more quickly into credit-bearing courses.
- **Expand Recipients of Prevailing Wage** – An additional \$40.5 million will be added to the budget in order to pay shelter security workers a prevailing wage.

- **Keep Streets Clean** – In order to combat street litter, the Adopted Budget will include \$8.6 million for additional litter basket collection, \$1.6 million to purchase 2,000 rat resistant baskets, and \$935,000 for new public waste containers.
- **Honor our Cultural Institutions and Libraries** – The Fiscal 2022 Adopted Budget will restore the \$10.3 million cut to libraries and the \$30 million cut to cultural programs and the Cultural Institutions Grant subsidy that had previously been announced.
- **Safeguard our Furry Friends** – The Animal Care Center will see a \$3 million restoration of a previously announced cut to help care for animals and pets.
- **Bring Public Awareness to the Civilian Complaint Review Board** – The budget will fund a \$250,000 public awareness campaign for the Civilian Complaint Review Board to inform the public about their work and how to contact them.

In addition to the shared priorities funded in the Fiscal 2022 Budget, the Council made a major reinvestment in its Citywide initiatives to not only restore many programs to their pre-pandemic funding levels, but also launch new initiatives and increase support for programs in key areas such as housing and foreclosure prevention, criminal justice program, senior services, and community development. In recognition of the abhorrent rise in anti-Asian hate incidents and the extreme impact of the pandemic on the Asian American and Pacific Islander (AAPI) community, the Council will create a new \$4 million initiative called AAPI Community Support which will fund Asian-led and Asian-serving organizations to provide mental health services, racial literacy programs, anti-bias and hate crime work. In addition, the Council is also creating a \$10 million Education Equity Action Plan initiative to create a K-12 Black Studies curriculum and professional development of educators to support the effective implementation of the curriculum. To support the needs of English language learners, the Council has established an Adult Literacy Pilot Project to conduct a one-year pilot for adult literacy programs to have the personnel and wrap-around supports needed for comprehensive services for first year of the COVID-19 recovery. Finally, the Council has created the Five Borough Chamber Alliance, a new initiative that supports small businesses in accessing free support and technical assistance necessary for reopening and restarting their businesses which have struggled due to the COVID-19 pandemic and the shutdown of the economy.

While January through June of each year represents the Council's period of most intense focus on the budget, the Council's impact on the budget is not limited to this "budget season." Throughout this past year, the Council has passed many important pieces of legislation that have driven policy forward while also shaping the resource allocation of the budget. Just this year, for example, the Council passed Local Law 71 of 2021 which increased the amount of rental assistance vouchers to fair market value. We also adopted Local Law 39 of 2021 to expand the investigations that the Department of Health and Mental Hygiene is required to conduct whenever it is alerted about a child with an elevated blood lead level and Local Law 18 of 2021 to dramatically reform the street vendor system.

All of these victories were secured on behalf of the people of the City of New York. The Council is honored to present the Fiscal 2022 Adopted Budget to all 8.4 million of you and will continue to work towards a speedy and just recovery from the COVID-19 pandemic.

Schedule C

Schedule C reinforces the Council's commitment to supporting our communities above and beyond the core services already provided by City government. Our spending plan complements the long-term stability, performance, and transparency measures the Council negotiated for as part of the larger budget.

Discretionary Funding

Each year, Council Members allocate discretionary funds to not-for-profit organizations and designate funding directly to City agencies in order to meet local needs and fill gaps in City services. While not a large part of the budget, this funding allows the City to take advantage of Council Members' localized knowledge to better target services to residents. Council rules adopted in 2014 raised the already high standard of transparency by which this funding operates in requiring that the method used to allocate funding among Members be publicly disclosed.

In this budget, each Member is allocated a base \$400,000 in expense funding. Members are further allocated an additional \$25,000; \$50,000; \$75,000; or \$100,000 depending upon the level of poverty in the district.

Procedure and Requirements for Designation

Schedule C designates funding for community-based, not-for-profit and other public service organizations and to City agencies. For funds designated to organizations, the expenditure of any funds for each organization identified in Schedule C is contingent upon the satisfactory completion of: 1) a detailed initial review process; and 2) all applicable City procurement requirements at the time of contract award. Even then, funding may be used only for appropriately reimbursable expenses, as determined by the administering agency.

For-profit entities may not receive discretionary funds, except when the primary not-for-profit funding recipient subcontracts with a for-profit entity as part of the delivery of services. Such proposed subcontracts, however, must be:

- only an ancillary part of the program to be funded - not the primary basis for the discretionary award; and
- pre-approved by the contracting agency and the City Council.

The New York City Council and the Mayor's Office of Contract Services (MOCS) have established the following review for all organizations listed in Schedule C:

- The Council reviews the public purpose, potential conflicts of interest, compliance with the New York State Charities Bureau, past performance, compliance with laws, rules, regulations, and policies, including not-for-profit status, any reported investigations, audits, inquiries, and other relevant information; and
- MOCS reviews organizations which were allocated more than \$10,000 cumulatively in this fiscal year to confirm whether the organization has been prequalified, indicating organizational capability to establish a business relationship with the City of New York and deliver specific services.

While approved subcontractors of organizations that receive discretionary funding are not generally required to submit a prequalification application, they are subject to conflict of interest disclosure requirements, as are not-for-profit organizations. Prior to the designation of community-based not-for-profit and other public service organizations, members disclose on the record any potential conflicts of interest with organizations funded by other members.

For organizations requesting funding in excess of \$10,000, MOCS conducts an additional review. MOCS reviews each such organization to determine whether the organization has the ability to establish or maintain a business relationship with the City and can demonstrate experience or capability to provide services to New Yorkers. MOCS prequalification is administered through HHS Accelerator and renewed every three years. Each organization's compliance with annual filing requirements is reviewed each year to maintain prequalified

status. In addition, the Department of Cultural Affairs (DCLA) administers the Cultural Development Fund to establish prequalification for organizations awarded cultural funds through DCLA.

Further restrictions to ensure the appropriate use of City funds will be incorporated through the City's procurement process.

All organizations receiving funding pursuant to an initiative will be subject to prequalification review and approval by the Mayor's Office of Contract Services.

Anti-Poverty

When allocating funding this year, the Council used a poverty indicator to provide a basis for which to fund programs. Poverty was estimated at the Council District level using 2016 American Community Survey data, specifically the number of individuals below the federal poverty level. Funding to the listed organizations will help to address income disparities throughout the five boroughs.
