

DFTA Terms & Conditions Report

September 2022

Older Adult Centers & Air Conditioners

DFTA works with our providers to ensure that Older Adult Centers (OACs) are safe and comfortable environments for older adult clients utilizing those spaces. We also work with our providers to ensure that air conditioners are available in centers and working properly. While many OACs hold leases and would need to work with a landlord should central air conditioning equipment need repair or replacement, DFTA works to support their needs where possible.

Listed below are OACs by name with addresses, if the center has an AC, and if that AC is functioning.
