Department of Department of Veteran’s Services (DVS) Budget Overview

On April 26, 2023, the Administration released the Executive Financial Plan for Fiscal 2023-2027 (Executive Plan) which includes a proposed Fiscal 2024 budget of \$106.7 billion. This report offers a review of the Department of Veteran’s Services (DVS or the Department) Fiscal 2024 Executive Budget, including proposed budget actions taken in the Executive Plan.

The Department’s projected Fiscal 2024 budget of \$5.0 million represents less than half of one percent of the City’s proposed Fiscal 2024 budget of \$106.7 billion in the Executive Plan.

The Department of Veteran’s Services Fiscal 2024 budget decreased by \$122,000 (2.4 percent), from the \$5.2 million budgeted in the Fiscal 2024 Preliminary Financial Plan (Preliminary Plan) presented in January. The decrease is the result of a number of actions taken, most significant of which are: collective bargaining costs and savings from the Citywide Program to Eliminate the Gap (PEG) initiative.

DVS’ current Fiscal 2023 budget is \$5.7 million, \$446,000 (7.3 percent) smaller than the agency’s Fiscal 2023 Adopted Budget (\$6.1 million) and \$80,000 (1.4 percent), greater than the budget presented in the Preliminary Plan.

DVS’ Executive Plan includes funding for a total of 37 full-time position in the current year remaining unchanged in Fiscal 2024. The current plan represents a reduction in agency headcount of four in Fiscal 2023 since adoption.

In the Executive Plan, funding for DVS’ personal services (all agency staffing related expenses) comprise \$3.7 million or 64 percent of the agency’s total Fiscal 2023 plan. This increases to \$3.5 million or 69 percent in Fiscal 2024.

Funding Sources

DVS’ budget is financed by city funds as well as state funding. In the current financial plan, the Department’s primary funding source is city funds. City funds comprise 94 percent (\$5.4 million) of DVS’ total funding in the current fiscal year, down from the 95 percent (\$5.8 million) of the Department’s budget financed by city funds in the Adopted 2023 budget. City funds comprise 93 percent (\$4.7 million) of the Department’s Executive Plan for Fiscal 2024.

The \$80,000 increase in DVS’ Fiscal 2023 and \$122,000 decrease in its Fiscal 2024 budget between the 2024 Preliminary Plan and the 2024 Executive Plan is the result of modifications to City funds. These changes include:

City Funding

City funding increases by \$80,000 in Fiscal 2023 and reduced by \$122,000 in Fiscal 2024 when compared to the Preliminary Plan.

State Funding

State funding remained unchanged in Fiscal 2023 and Fiscal 2024 when compared to the Preliminary Plan.

See Appendix A for a complete list of all changes reflected in DVS’ Fiscal 2023 and 2024 budgets since adoption.

Executive Plan Changes

Each financial plan is comprised of changes to an agency’s budget from the prior plan. These changes are comprised of new needs that have not previously been included in the agency’s budget, other adjustments to existing spending (these adjustments can involve adding additional funding or removing funding), savings programs which provide additional resources either through reduced spending or increased revenue, and savings restorations which include the restoration of expenditures that had been reduced in prior financial plans.

A summary of all changes made to DVS’s financial plan since adoption can be found in Appendix A.
