NYC Health + Hospitals provides comprehensive and compassionate emergency room care when you or a loved one need it most, regardless of anyone's ability to pay.

We understand the patient impact of medical and psychiatric emergencies, and our health care team will see you quickly and diagnose any emergency. Six of our emergency departments are specially equipped to respond to the most challenging life-threatening situations.

How We Care for You

NYC Health + Hospitals has full-service emergency care departments staffed by experienced and caring physicians, nurses, social workers and other health care professionals for people of all ages.

Trauma Emergencies

Life-threatening traumatic injuries can happen anywhere and at any time and may be caused by car accidents, sports accidents, falls, physical assaults or gun violence. While many injuries can be treated at the nearest hospital's emergency room, trauma injuries need specialized care immediately. That's what NYC Health + Hospitals Regional Trauma Centers provide at one of six specialized trauma centers:

- NYC Health + Hospitals/Bellevue
- NYC Health + Hospitals/Elmhurst
- NYC Health + Hospitals/Harlem

- NYC Health + Hospitals/Jacobi
- NYC Health + Hospitals/Kings County
- NYC Health + Hospitals/Lincoln

Pediatric Emergencies

NYC Health + Hospitals has emergency and trauma services for children in all 11 public hospitals.
