

Police Department (NYPD)

Fiscal 2025 Q2 Overtime Spending by Precinct T&C

(Dollars in Millions)

In the second quarter of Fiscal 2025 (October 1, 2024 – December 31, 2024) NYPD spent \$246 million on uniform overtime of which \$69.8 million can be directly attributed to one of the 78 precincts in NYC. The remaining \$176.2 million of overtime spending which can't be attributed directly to a precinct is for specialized squads, divisions and patrol borough operations. The highest spending was the Midtown South precinct and the 75th precinct with approximately \$1.7 million each. The lowest spending was seen in the 100th precinct which spent \$316,803 on uniform overtime.

*Please note that this chart reflects the creation of the 116th precinct in southeast Queens which opened late December 2024 therefore there was minimal data included in this quarter.
