(ii) **The current and projected per diem rates and a list of the expenses included in the per diem:**

As of 11/09/25, the City has spent an average of \$371 per household per night for asylum seekers, using cost data through 09/30/25. The projected per diem rate in the FY26 Adopted budget was calculated at \$326 per household per night for asylum seekers. The City calculates per diem rates on a lag due to agency revisions to recent cost estimates. This aggregate average per diem rate per household covers shelter, security, and food for all asylum seekers in the City's care.

(iii) **For each agency providing temporary housing to asylum seekers, a breakdown of the number of households and individuals currently served, by population type (single adults, adult families, families with children):**

- c. Information related to current contracts for the provision of asylum response efforts: (i) the agency administering the contract; (ii) the contract identification number; (iii) the name of the contractor; (iv) the contracted goods and/or services; (v) the agency or agencies identified or described in the contract to receive such goods or services; (vi) the procurement method of the contract; (vii) the contract value; and (viii) the term of the contract, including contract start date, end date, and if any extensions are possible;**

Please see attached file.

Note: The attached spreadsheet is a point-in-time compilation of data concerning contracts across City agencies that have been used in connection with the provision of services to thousands of individuals and families seeking asylum during the present and ongoing state of emergency.

This spreadsheet was extracted from data maintained by KPMG, which is drawn from multiple sources, including the individual agencies that hold the contracts.

The information is subject to a limited review for accuracy and may include errors. OASO spot-checked components of this spreadsheet for consistency with other available resources. Since H+H does not use Checkbook or PASSPort, the information in the spreadsheet for H+H was provided directly by that agency. The information in the spreadsheet is periodically updated; the spreadsheet may not capture every change affecting each contract.

Values noted under “Current Contract Amount” may include canceled contracts and may not include pending amendments. Therefore, summing this column should not be considered an accurate total contract value for all contracts that have been used in connection with the provision of services to individuals and families seeking asylum.

- d. Population counts, by the following demographic information, on individual asylum seekers in the City's care: (i) age; (ii) gender identity; and (iii) languages spoken. This reporting shall also apply to any other agency or unit of appropriation not expressly listed herein that has budgeted funding and/or actual expenditures related to asylum response efforts.**
