LEGISLATIVE ADVOCACY

Medicaid Equity

QUALITY HEALTHCARE IN EVERY ZIP CODE

EMERGENCY

NY ALLIANCE FOR HEALTHCARE JUSTICE

MEDICAID EQUITY NOW!

Dear _____,

All New Yorkers deserve access to quality healthcare, no matter their income or zip code.

As your constituent, I am asking you to ensure that Medicaid fully funds the cost of caring for Medicaid beneficiaries.

This is important to me because...

Sincerely,

NAME _____ ZIP CODE _____

Albany, NY _____

WE ARE CALLING ON ALBANY TO END THE MEDICAID FUNDING CRISIS NOW!

All New Yorkers deserve equal access to quality healthcare, no matter their income or which community they live in. Yet today in New York, Medicaid pays hospitals 30% less than the actual cost of care for treating low-income seniors, people with disabilities, and children from low-income families.

The Medicaid funding crisis is already at New York's door, but there is a commonsense solution: New York's leaders must increase Medicaid reimbursements to cover the full cost of care, so that all New Yorkers have access to quality care.

CURRENT STATE OF HEALTHCARE

- New York faces a growing mental health crisis, while hospitals have lost 850 mental health beds in recent years.
- Low-income women are more likely than other women to have potential life-threatening complications during or after childbirth.
- Half of New York hospitals have reported reducing and/or eliminating services due to staffing shortages and the shortage is project to get worse.

FAILURE TO FULLY FUND MEDICAID IS NOT AN OPTION

WHAT FULLY FUNDED MEDICAID MEANS

- Hospitals can provide the mental health services people need.
- Ensure that all mother and babies receive care they need.
- Hospitals can hire staff to provide quality care.
